EDUCATION

BRIGHAM YOUNG UNIVERSITY-IDAHO — **Online**
Bachelor of Applied Science, Software Development — *Jan. 2022 – Present*

CUMORAH ACADEMY — **Načeradec, Czech Republic**
English & Leadership Program — *Sep. 2026 – Dec. 2026*

WORK EXPERIENCE

Co-Founder & AI Automation Architect — *Bogotá, Colombia (Remote)*
NexDevp — *Jan. 2023 – Present*

- Co-founded a consultancy building custom software, AI agents, and automation.
- Led the architecture of automation systems that cut manual work.
- Shipped production web apps, mobile apps, PWAs, and AI tools.
- Cut a hospital caterer's planning time from 30 to 2 min and food waste by 30%.

AI Developer & Automation Engineer — *Miami, FL (Remote)*
Collab Collective Studio — *Oct. 2025 – Present*

- Designed LLM agent workflows in n8n, cutting manual operations by 60%.
- Integrated GoHighLevel, Airtable, Odoo, and Shopify via REST APIs and webhooks.
- Built a field-sales map for 5,000+ stores, making visit logging 4x faster.
- Trained client teams on AI tools and refined workflows from user feedback.

AI Product Engineer (Full-Stack) — *Madrid, Spain (Remote)*
Hutrit — *Jun. 2026 – Jul. 2026*

- Built full-stack features and internal tools for AI-powered workflows.
- Shipped real-time dashboards with WebSockets and event-driven UIs.
- Developed daily with Claude Code and subagents across the full stack.
- Strengthened authorization checks, sensitive data handling, and validation.

Full-Stack Developer & AI Integration Specialist — *Turmero, Venezuela (Remote)*
App Abundance (Freelance) — *Oct. 2022 – Apr. 2025*

- Built REST APIs and webhooks with Node.js, Express, and MongoDB.
- Integrated AI and marketing APIs into Shopify stores for U.S. clients.
- Delivered responsive React frontends from Figma designs to production.
- Synced data in real time between platforms and CRMs for sales teams.

KEY PROJECTS

Trayecto – AI Career Platform for Latin America — ***trayecto.app***
Founder, Designer & Developer — *Apr. 2026 – Present*

- Built an AI career platform: CV builder, job match scores, and cover letters.
- Grew it from an AI-tutored LMS into a 3-language PWA; 447 commits, 49 test files.

CERTIFICATIONS
